"New Day"

I tried my best not to let myself hold onto regrets
But there was always something that I could not forget

Broken hearts, broken dreams and fucked up
agreements

It's a new day, hold on
It's a new day, be strong

So many years of private fears but I made it somehow
I feel I've slept a hundred years and I am catching up
now

It's a new day, hold on
A new day, be strong
It's a new day time to move on

When Wugga died, tears I cried but family struggles
felt worst
All my life she told me baby you know family comes
first

Lord have mercy on our souls if we continue these
words

It's a new day, hold on
It's a new day, be strong

Sometimes when I pass by her house I can feel her
spirit
And if I listen to the wind her voice I know is whisperin'

It's a new day, hold on
A new day, be strong
It's a new day time to move on

Don't spend your life trying to fight the path you've
been given
If you fall hit the wall you have to crawl in the beginning

You take the good with the bad and then you keep on

winning

It's a new day, hold on
It's a new day, be strong
