In for the hill - American Steel  
This is the real - American Steel  
Breathe in the new - American Steel  
This is the bleeding - American Steel

AAAARRRRGGGGHHHH!

In for the kill - American Steel  
Burning you'll feel - American Steel  
Massive Aggressive - American Steel  
Blackest of the black - American Steel

AAAARRRRGGGGHHHH!

We are the storm, kill everyone - Under the sun  
We against the world, spiral downfall - Enter the swarm

We against the world, judgement day - The killing  
horde  
We're stronger than hate, stronger than all - We are the  
Storm

The killing horde  
We are the storm  
Under the sun  
Enter the swarm  
The Killing horde
