Pressure buildin' on my soul
I ask God to take control
Guide me through this fucked up world

Conquer this fear spiritually
Forever let it be
Into infinity
(Infinity, infinity, infinity, infinity)
(Infinity, infinity, infinity, infinity)

Oh!

Against all odds we carry on
Like we've always did before
Soul mate forever more

I feel your presence every day
It's so real in every way
Give God thanks and praise
(Praise, praise, praise, praise)
(Praise, praise, praise, praise)

Just let my soul fly free
And let me be the one God wants me to be
(Wants me to be)
Just let my soul fly free
And let me see everythin' I'm supposed to see
(I'm supposed to see)

(Fly)
Just let my soul fly
Just let my soul fly
(Fly)
Just let my soul fly free

(Fly)
Just let my soul fly
Just let my soul fly
(Fly)
Just let my soul fly free

Pressure buildin' on my soul

I ask God to take control
Give me guidance in this world

Conquer this fear spiritually
Forever let it be
Into infinity

Just let my soul fly free
And let me be the one God wants me to be
(God wants me to be)
Just let my soul fly free
And let me see everythin' I'm supposed to see
(I'm supposed to see)

Just let my soul fly free
And let me be the one God wants me to be
(God wants me to be)
Just let my soul fly free
(Free)
And let me see everythin' I'm supposed to see
(I'm supposed to see)

(Fly)
Just let my soul fly
Just let my soul fly
(Fly)
Just let my soul fly free

(Fly)
Just let my soul fly
Just let my soul fly
(Fly)
Just let my soul fly free
(Fly)
