Why you deny, criticize
You deny, criticize
Don't feed me with your lies

Why you deny, crucified
You deny, crucified
Out of this world demise

Realize, realize
In this time, realize
My soul will rise

Realize, realize
In this time, realize
You can't fuck with the tribe

I and I, see the signs
I and I, in the sky
I and I, see the signs
I and I, in the sky

I and I, see the signs
I and I, in the sky
I and I, see the signs
I and I, in the sky, sky, sky
