"Spit"

Fuck it up, spit
Un dos tres quat

Hate them hate them
Live your farce
Same thing, same way
Your karma will come

Ask me no questions
I tell no lies
Ask me again
I spit in your eyes

Live your life
Leave me alone
Live your life
Leave me alone

Face me, face me
Feel the cut
Open sore
Always bleeding

Live your life
Leave me alone
Live your life
Leave me the fuck alone

Yeah, you know what to do
Jump, jump, jump, jump

Spit, spit, spit, spit

Danke shÄ¶n
Thank you very much
