"Touching The Void"

Visit "[Touching The Void](#)" on MotoLyrics.com

I'm touching the void
I seek and destroy
To be reborn
I'm touching the void
The ghost of Troy
Burned and destroyed
I'm touching the void
Bleed and destroy
The sacrifice of war

I'm touching the void
I creep and destroy,
The paradise lost
I'm touching the void
I breed and destroy,
No more idols to burn
I'm touching the void
I scream and destroy,
I follow the storm
I'm touching the void
I've killed them before
I'll kill them again

Void
The return of the wicked
Void
The revenge of the sickest

I'm touching the void
From stone and crust
To ashes and dust
I'm touching the void
The sycophants will fall
In the doom of it all
