War after war
the lion roar
Hell after hell
Cambodian death bells

Scum after scum
they blot out the sun
Hill after hills
in the killing fields

No more fear of failure
No more suffering

No more lies,
I will arise
From blood-filled rivers
of my enemies

Unleash war
Unleash my wrath
Unleash revenge
Unleash my hell

Pig after pig
the blood runs cold
Stone after stone
the kingdom comes

Doom after doom
the fallen ruins
Hate after hate
there's no escape

Unleash war
Unleash my wrath
Unleash revenge
Unleash my hell

No more scars
of judgement

No more tolerance

No more compromise,
I stand baptized in fire

Unleashing my revenge
Unleash war
Unleash my wrath

Unleash revenge
Unleash my hell

Fucked up,
you never ever learn

I've reached the point
of no return

No I can't take it
anymore

You're borrowing
the blood I earned

From onslaught
to oblivion

You're never
taking me alive

Victimized, brutalized,
terrorized, crucified,

Crucified! In the heavy
side of life we live

It's not how we chose,
but it is how it fucking is

Unleash! Unleash!
Unleash!
