Who's your rival in this duel
When your girl had said goodbye
You're the sinner and the fool
In this melancholy life
And you know there is another guy she loves
Oh it's hard to realize
And I know you thought her lover will never end
You don't understand
Why it dies

Cinderella's heart
Is a harbour for your pain
Cinderella's heart
Guides your way through stormy rain
And you know come what may
She's your light in the darkness
When you're gone astray
Cinderella's heart
Is smiling when you smile
Cinderella's heart
Is living for love
Cinderella's heart
Is the heart of an angel
Would be dying for you
When you feel blue

When you're down - you're not alone
Cause she's always by your side
Call her on the telephone
When you're sad - she holds you tight
Everyone knows she's like sunshine in the snow
She's an angel from the sky
And her heart is warm and tender like the sun
A heart for everyone
That's her life
