When you're doing things that you're supposed to do
Don't you even care about what people might say about
you hey
Do what you wanna do
Cause you know it's your life
So you live your life the way you want to
Go where you wanna go and say what you want
Whatever you wanna say it when you feel likt it
Do what ya feel you gotta do
And don't you care of what people say about you
Just do what you wanna do

CHORUS:

Do what you wanna do
And don't you care about what people say about you
Just do what you wanna do
And you can anything if you believe in you

When you're ding things that you're supposed to do
Don't you get disturbed by people saying you're no
good
There's so much to live for and no one to rely
Like they need to tell ya just have to deal with your own
life
If you got a purpose to reach to
Just set yourself free and then you will dee that you will
reach it tio
Do what you feel you gotta do
And don't you care what people say about you
Just do what you wanna do

CHORUS

Just if you believe in you
You can do what you wanna do
You can do what you wanna do
You can do what you wanna do
Just if you believe in you
You can do what you wanna do

If you need guide in your life
Get into it cause that is alright
I can get it done you will see if you believe in me
So don't you doubt me 'cos I'm boud it
