Its the same as yesterday
Your knocking, looking for love again
Blows my mind how you miss the clue
I don't want anything from you

You call me...and call me
Why can't you just let it go
I don't want to want you
Just leave me alone
Your purpose escapes me
Your just consuming air
Go away... go away... go AWAY!!!

I don't want wanna hang or mingle with you
I don't need the drama I'm nobody's fool
Don't want your disease
Don't find shit in you
Don't need no more friends with
Drama like you

I hear you knock but you can't come in
There's nobody home for you again
Call my band and all my friends
Your a crazy bitch in the end

You call me and call me
Why can't you let it go
I don't want to want you

Just leave me alone
Your presence is torture
You're just what stupid does
I'd rather touch myself... fuck myself because

I don't wanna hang or mingle with you
I don't need the drama I'm nobody's fool
Don't want your disease
Don't find shit in you
Don't need no more friends with
Drama like you

You call me and call me

Why can't you let it go
I don't want to want you
Just leave me alone
I hate you... I hate you
It's like you're always there
Talking shit... talking shit... talking shit!

I don't wanna hang or mingle with you
I don't need the drama I'm nobody's fool
Don't want your disease
Don't find shit in you
Don't need no more friends with
Drama like you
