Storming rain
Barrels down on me I remain
I will not crash to the ground
They say I can't but I'm strong
I look to heaven and...

Fly to the Sun
It's burning down on me
Ride the Sun
My wings are burning away

I was lost
Then you found me there unaware
And give me courage to live
Now I'm climbing fast
The Earth is gone
I look to heaven and...

Fly to the Sun
It's burning down on me
Ride the Sun
My wings are burning away

Fire! burning down on me!
Fire! soon I will be free!
Fire! my life's withering away!
Fire! it's burning down on me!

Fly to the Sun
It's burning down on me
Ride the Sun
My wings are burning away
