

## Soul Ii Soul "Happiness"

I'd like a world that's filled with happiness and sorrow  
The way you're thinking means there's no days like  
tomorrow

Togetherness, foreverness  
Means nothing less than happiness  
Togetherness, foreverness  
Means nothing less than happiness, oh yeah

And that's the way it should be  
Oh, living happily

I'd like a world that's filled with happiness and sorrow  
The way you're thinking means there's no days like  
tomorrow

And that's the way it should be  
Oh, living happily  
Oh, happily  
As happy as we can be

And that's the way it should be  
Oh, happily

Oh no
