In my imagination running wild  
I feel the time has passed us by  
Staying in my mind all the time  
Just like the endless beat, that beat  
That flows in time, the maze of life is so difficult  
I doubt what the children to run and fight  
Respecter's in the eyes of the beholder who sees that  
Fun that will come when the sun shines  
Together living in unity there's no need to fight  
The rough society,  
I know the time will be here  
Again when the chances are thin  
And you know it will lead to the end

Bambalella, bambe, lella

I keep this dream in my memory  
In my mind for a long time you see  
I hope the day will come sometimes when  
I know the stories to be told  
We'll tell the stories to the young and old  
Both children who grow together in school  
Oh now I wish the time we will come that the dreams  
That I dream will last for a long time.

Pull me up - pull me up  
Pull me up - pull me up  
Pull me up - pull me up

Oh I feel so magical, that I feel the temptation running  
Through my veins. Well if together in happiness and  
I know the time, the time will come to this  
As long as there holding on  
Holding  
Holding  
Holding  
Holding

Well imagine yourself in a large open space  
No communication and no one to raise for you to be in

this predicament in  
Time.  
We'll leave our imaginations  
Open wide so before the floods  
The storms may raise  
There should be a bride today  
Well on that day we shall live together as one, happily  
under the sun
