One, two, sesh coming through  
With the rude lyrics and the pride to fit  
I ain't the counterfeit chic, renk up rhythm to rhatid  
With my girl Charlotte now can you handle it

Ooh, hear it, damage, feel it  
Positive energies embrace the cue  
One, two, let the girl through

This game of life ain't easy, Lord knows sometimes it's  
rough  
'Cause everyday we struggle and never get enough  
It's hard to hold it down, temptation in your face  
Crooks in designer suits make crime seem like the only  
way

I stop and I think am I wasting my time?  
Trying to hold this thing together  
I could be so many things but whatever happens next  
I'll keep myself respect and my pride

Pride  
Saves you from a fall  
Only one way to love yourself  
Standing strong and tall

Pride  
You deserve it all  
Only one way to love yourself

I could have bowed my head  
I could have given in  
I could have bought a needle  
And pushed it to my skin

Thinking of all the pressures  
I could have lost control  
I could have sold my body  
My mind, my soul

I stop and I think of generations of pain  
Did they all die in vain?

I could be so many things but whatever happens next  
I'll keep myself respect and my pride

Pride  
Saves you from a fall  
Only one way to love yourself  
Standing strong and tall

Pride  
You deserve it all  
Only one way to love yourself

Ah, mama mia, I feel to shed a tear  
When I think of all the hard done time that I done to get  
I with the power of nature to bear to the world  
A new life to my man his first born heir

I'm more than hell is this life my last pseudonym is  
Miss, try a thing that's the only way that I'ma win  
That as my motto mixed with my mighty pride  
I move soul I I soul hand by hand, side by side

With my sistren extended kin sing  
Keep on moving and don't stop  
Do you get the gist of the linguistic  
That I kick

I'm the chic with the hips and the lips to make you coo,  
coo  
And go goo, goo for my swagger original rude girl of  
rap  
Don't need no sugar da, da, all I need is my pride and  
self respect  
And my microphone I'm cash in the dollars and catch  
wreck  
I got my pride

I stop and I think of generations of pain  
Did they all die in vain?  
And I could be so many things but whatever happens  
next  
I'll keep myself respect and my pride

Pride  
Saves you from a fall  
Only one way to love yourself  
Standing strong and tall

Pride  
You deserve it all  
Only one way to love yourself

Pride  
Saves you from a fall  
Standing strong and tall  
Pride  
You deserve it all

Pride  
Saves you from a fall  
Standing strong and tall  
Pride  
You deserve it all

Pride  
Saves you from a fall
