(chorus) Like a bird without wings  
That longs to be flying  
Like a motherless child  
Left lonely and crying  
Like a song without words  
Like a world without music  
I wouldn't know what to do  
I'd be lost without you  
Watching over me

I get so lonely  
When you're away  
I count every moment  
I wait everyday  
Until you're home again  
And hug me so tight  
That's when I know everything is alright

(chorus)

You're my guardian angel  
My light and my guide  
My head on your shoulder  
And you by my side  
You make everything beautiful  
You make me complete  
Everything in my world  
I lay at your feet

Like a church with no steeple  
Where her bell never rings  
Like a town with no people  
Where no voice in the choir ever sings  
If a boat in the ocean  
Would be lost with no sail  
And without your devotion  
Surely all that I dreamed of would fail

Like a song without words  
Like a world without music,  
I wouldn't know what to do

I'd be lost without you  
Watchin' over me

I wouldn't know what to do  
I'd be lost without you  
Watchin' over me
