The fuse is lit and time runs thin  
I'm feeling this way again  
The things around me are going to break  
So will I, if that's what it takes

Punch the wall until it cracks  
The problem is, it won't hit me back!

Banish my mind to the void  
But first I'll make sure that you're destroyed  
This anger needs to be set free  
And I don't care what it does to me

Banish my mind to the void  
But first I'll make sure that you're destroyed  
This is what happens when I see red  
This is what happens and now we're dead
