

## Very Important Businessmen "False Pride"

White man killed the Indians  
White man killed the Jews  
White man enslaved an entire race  
What did they ever do?

So why do you hate another race because they're not  
like you?

No one race can rule the Earth,  
But white man has tried since the nation's birth

Why after killing, killing, killing people senseless  
Dominating obliterating everyone not like us  
Why do you try to tell me you have pride  
After all the innocents that have died

Why white pride?  
Why the fuck do you have white pride?  
Why white pride?  
Well I say "Die" white pride!  
It's a fucking lie!
