Try... down again
Would you take it off... your... drawer...
Are you fucken up... or again
Would you take it home... where we... belong?

You and I would
[2] Care... for... to drag out and on and more for ann
it's good
He said I could burn it so...

To comprehend the night
We won't notice... We won't know...
Today...
And the like...
We'll never go out...
Has one door...
[2] Human sources our contention...
[1] Nother fall...
[2] Do not need to create attention
[1] I foretold...
[2] Human sources our contention...
[1] Never for...
[2] Do not need to pay attention

[1] One day... it comes
I'm not everyone... I was...
But all... tell... ?
[2]
[1] If you and I would go... wall... in
You and I are to wait..
All because...
Without... without... without...

When I go to head all way hooome...
I don't doubt it
When I go to get it all way hooome...
I don't doubt it
When I go to get it all way hooome...
I don't doubt it
When I go to get it all way hooome...

I don't doubt it...
