#### Verse 1

Oh I'm such a lady  
But now I wanna get freaky  
I'm feeling naughty (Am I crazy?)  
I just wanna be bad  
Pass me my glass  
The fangs are coming out tonight  
Who am I gonna bite  
It's killing me  
So hard to breathe  
I can feel the beat  
It takes control of me

#### B-Section

When the sun goes down and the music starts playing  
You just wanna dance and you can't stop the craving  
She is a monster I can't control her

#### Chorus

H - My Hips  
E - Emotion  
R- The Rhythm  
All the parts of HER  
H-My Hips  
E-Emotion  
R-The Rhythm  
All the parts of HER

#### Hook

I just wanna touch and feel somebody  
Feel somebody feel somebody  
I just wanna touch and feel somebody  
Feel somebody

#### Verse 2

Oh everybody wanna tame me  
But they just cannot cage me  
You can't hold me back  
(The good girl didn't last)  
Creep up from behind me  
Hands all over my body

I can feel your breath  
When you press on me  
The girl you knew is gone  
The urge is just too strong  
This feels so good how could it be wrong

When the music gets inside (It takes over you)  
(You might as well just give in)  
Let go cuz nothing can save you from the night (there's

I just wanna touch and feel somebody 2X  
I'm not always like this  
But I like it  
Yes I like it 2X
