Vs.1

Can you hear  
Angelic voices fill the halls  
Emotions bouncing off the walls  
As the tears hit the ground you feel  
You feel strange  
Overcome by deception and pain  
dont you see if you look to the three trinity  
there's so much more you can be.

Vs.2

Everywhere I look around me, they surround me  
underwater flows tryin' to drown me, What?  
Bringin on the evil...wanna clown get cut  
Let the Holy Word be my sword..give me more  
What you hangin around here stalkin me for?  
I be the souljah and life be the war  
Christ be the teacher and life be the test  
Satan be the bullet...got the bullet proof vest  
And you don't know His name, oh what a shame  
sold your soul for the fame, now your king for a day  
Cry when i pray and every single tear filled with the lost  
generation  
of peers...weed headed regrettin' what you done done  
Gettin drunk, throwin up, yeah thats fun  
How you gonna explain tha to your son?  
Long live the King and His Kingdom come

Vs.3

I look around me  
See the world trippin, dippin ,and divin  
I find myself slippin  
Father forgive us for the sins that we be commitin  
the evil that lies within lust, greed, hate  
Sexually and spiritually fallin in the grave that we  
diggin for ourselves  
different times, different ways, different phases of life  
Strife, cut with a sharp knife  
Lyrical incisions, yo, spirtual decisions..what?  
A revolutions comin but you neva wanna listen...  
What you think its a game?  
Rappin 'bout money, sex, and fame

Caught up in these wordly ways  
Frontin cause you bought an iced out Roley with a  
diamond in it  
Yo, we all know it  
Cause in every photograph you neva hesitate to show  
it,  
And when you writin your rhymes you neva hesitate to  
flow it  
Demonstratin lyrics full of pain  
Need to change  
Elevate the level of your brain  
~Revolution~
