Drop track not for money or fame after this
Y'all gone know the name it's Nureaamerica
Party time you can tell when the cars fill the parking lot
And the beats so bangin' you don't want it to stop

Huh, I know how you feel when T-boy prepares the track
for my grill
I asked G-Hydro to spot me a dollar then I roll
To Juanbertos to get my horchata
I'm a keep it real, don't care how you feel
I'm here to change the way you think not to make a mill

Money only last so long like a played out song
But when you walkin' right you can't go wrong
So all my Souljahz in or out the game put your hands in
the air
And praise boost his name, and adjust your
transmission
'Cause the words comin' outta the mouth of this
Christian, uh

Jubilee, everybody sing with me
Jubilee, everybody dance with me
Jubilee, finally I've been set free
I'm free, free, yeah, yeah, yeah

Ay yo I go by the name of Joshua,
Hypnotically pronounce it with the yes y'all
Move yo feet when your the beat drop as
The heat drops to the floor go the world beggin' for
more

See I said it before time to settle the score
Send my rebels to war never ignore heavenly doors
Seventy floor I bet you thought you'd never explore
The Souljahz and Tonex collabo? never before

Don't get it twisted, you turned yo back and you
missed it
Didn't understand so you dissed it
Get this Righteous Hip-hop done teamed up with
Nureau

Title track 'Jubilee' you know

Yeah, I said it, I rap God and proudly admit
Give me a mic and I'll spit it till everyone of y'all get it
I don't really care who you are
What your name is, where you came from?
What gang you bang with?

'Cause in the end you answer to the same King that I do
Shoot one at Him and catch five back inside you
So put your guns away, sheath your swords
Heed the force let it be with you, power to my people

Or better yet power to my Souljahz around the globe
Holdin' it down, I see y'all, holdin' yo crown
Explodin' my sound and never stop until they send
The army for us, Zsa Zsa bring in the chorus

Jubilee, everybody sing with me
Jubilee, everybody dance with me
Jubilee, finally I've been set free
I'm free, free, yeah, yeah, yeah

Woke up this morning feelin' all right
'Cause I got the Jubilee kinda vibe
Uh, oh, didn't know girl got soul?
Flow to the beat and make ya loose control
And say Jub to the izz I L double izz E

Get up out your seat and move your body to be bizzateat
Hip-hop, you hop to the hip beats we drop
'Cause we go on and on ya know we won't stop
Didn't understand how we flipped it

Righteous hip-hop drops oh the world goes ballistic
T Bizzi on the beat bringin' heat
Get up out ya seat move ya feet
Like, like a dancin' machine or a dancing queen

C'mon, c'mon sing with me, I have, I have been set
free
'Cause I believe in the kins most high
Messiah, Elohiem, my Christ
So throw your hands way up in the sky
Wave 'em side to side and get real live

Don't let your chance of real love pass you by
Y'all can't deny testify till i die
Tonex and Souljahz callab oh my
Zsa Zsa girl c'mon take us to the sky

Jubilee, everybody sing with me
Jubilee, everybody dance with me
Jubilee, finally I've been set free
I'm free, free, yeah, yeah, yeah

Jubilee, everybody sing with me
Jubilee, everybody dance with me
Jubilee, finally I've been set free
I'm free, free, yeah, yeah, yeah
