"I Smell Trouble"

I should've seen you coming
Just another girl with bad intentions on another winning
streak
A pretty bitch with no remorse
I can't fight this feeling
You tore my world upside down
Another target on your killing spree
You're coming closer
Turn around

(Chorus)

Yeah I know just what you are
I know it's not for me
Now it's gone to far, and I smell trouble
Yeah I know just what you are
You're eyes are killing me
Now it's gone to far, and I smell trouble

The way you're looking at me
I'm about to lose my mind
I see your face and I can't... Get away, get away!
You're closing in now
I can't fight it anymore
I'm gonna regret tonight as you make me scream for
more
You're coming closer
Turn around

(Chorus)

You've got me where you want me
I can't fight this now

(Chorus)
