Your indecision has left me dead
In still water I tried to stand
Picture this moment
A thousand words
Turning my back on all you've heard
And when the feeling's gone you'll cry, beg, feel

(Chorus)
I'm emotionless, I'm embracing this
Somehow I still feel alive
I can't handle it
This is what you get
I can see you're terrified

Your fucked up vision has blinded you
To everything that once was pure
You crazy bastard
You've lost your mind to think that I would waste my life
And when the feeling's gone you'll cry, beg, feel

(Chorus)
To say I'm your savior is a lie
Save yourself
You are nothing but a liar and the season is with me
You're caught running scared
Last alone left for dead

(Chorus)x2
