Life takes it's toll, time carries on
But with you none of that matters
With you, none of that matters
Having felt your warm embrace
I would travel 'cross this world for you
Nothing else matters for you
Nothing else matters now

(Chorus)

To lay you down, there is only us
The distance, I'll ride, and travel this great divide

I will be with you
One day I know that our dreams will not be shattered
That's why, nothing else matters
Keeping close to you when times of trouble come
Bear in mind, nothing will shatter this trust
Nothing else matters now

(Chorus)

Can't keep to myself
You're a phone call away
I guess that's the price we pay for this life
I would give everything to keep you close
(Chorus)
