I don't wanna wait for tomorrow cause tonight
I keep playing this over in my mind
I shoulda kissed you but I missed
Am I out of time

Because I never thought that you might leave me
behind
And I'm hoping that I get one more try
I shoulda kissed you but I missed
Am I out of time

I never wanna be the one to say
How could I let you slip away
And I'm never gonna watch you fall apart
I shoulda told you from the start
And I'm late but now I'm running
Please wait for me I'm coming
Never gonna wait another day
I finally found the words to say
I want you [x3]

Cause when you look at me I know you feel it too
And your eyes keep telling me maybe there's room
You shoulda kissed me but you missed
That I wanted you ooh

And I never wanna be the one to say
How could I let you slip away
And I'm never gonna watch you fall apart
I shoulda told you from the start
And I'm late but now I'm running
Please wait for me I'm coming
Never gonna wait another day
I finally found the words to say
I want you

If you wait if you wait for me I'll finally say
What you mean what you mean to me ooh
Will you wait will you wait for me
Cause I'm on my way I'm on my way

Cause I don't wanna wait for tomorrow

Cause tonight I keep playing this over in my mind
I shoulda kissed you but I missed
Am I out of time

I never wanna be the one to say
How could I let you slip away
And I'm never gonna watch you fall apart
I shoulda told you from the start
And I'm late but now I'm running
Please wait for me I'm coming
Never gonna wait another day
I finally found the words to say
I want you [x3]
