Is there time for just one story,
I promise you won't be sorry,
For making the time
This one starts just like it ought to,
The leading character as you,
And this interesting life

[Chorus]

Oh you you, and true true, something about
'I'm gonna have to lie to you'
Oh you you, I see through,
Don't want no more lies

Chapter five, excuses
The past you've come from,
But it's sounding like boredom,
That was clouding your way,
Chapter 10 is just like ice cream,
Fifty two flavors of your dream,
All of them melting
Away

[Chorus]

Oh you you, and true true, something about
'I'm gonna have to lie to you'
Oh you you, I see through,
Don't want no more lies
A getting through to you,

Lies, lies, lies,
