Is there anyone that loves me
Cause I don't love myself anymore
Is there anyone who sees me
Cause I'm just running out towards the door
Is there anyone who wants me
My dreams are real but so is this place
And is there anyone who'll wait a little while longer
Even if things that seem to follow me fall apart

And when I asked you to come along with me
Well what you say
Yeah yeah no
I got something happening
Yeah yeah no
I want more then everything
Yeah yeah oh
You don't mean anything
Only if I can be the guy that give em blue sky
When I say yeah yeah yeah yeah would I say yeah

Is it everything you hoped for
Cause lust just lasts until you get your girl
Is it everything you prayed for
Cause losing friends seems worth it for her
Is it everything you long for
Cause as long as it's screwing up your head
Is it everything to be a little hero for
That when every dream you dream and even if your
may dream is going away

And when I asked you to come along with me
What would you say
Yeah yeah no
I got something happening
Yeah yeah no
I want more then everything
Yeah yeah no
You don't mean anything
Only If I can be the guy that gave them blue sky
When I say yeah yeah yeah yeah would I say yeah

Oh oh oh oh yeah

And now your holding onto the one guy
Not letting go
When mr. fun guy
Seeing that everyone is calling out your name
When you see that your with the right guy
Even if that guy is your first try
Now don't worry you've done it all before woah
Oh oh oh you've done it all before
Oh yeah yeah oh

Is there anyone that sees this
Cause I can't be the only not blind
Is there anyone to stop this
Just back off the day
Make it ride lets rewind woah

Yeah yeah no
I got something happening
Yeah yeah no
I want more then everything
Yeah yeah no
Cause you don't mean anything
Only If I can be the guy that gave them blue sky
I say only If I can be the guy that gave them blue sky
Only If I can be the guy that gave them blue sky
Would I say
Yeah yeah yeah yeah would I say yeah
