

Souls "Expensive"

Visit "[Expensive](#)" on MotoLyrics.com

We must hurry up and
make love before
our mother shows up
she'll get nuts on us

I've almost forgot
how it feels to be
in this room again
these walls are drowning me

BUT I'M FEELING SO EXPENSIVE
YOU MAKE ME GLOW
YES I'M FEELING SO EXTENSIVE
DO YOU KNOW THAT I'LL COST YOU?

here alone with you
worries fade away
I touch your precious face
chisled out by my pain

both badly knocked about
in this room again
we have shut the coldness out
for a little while

let's tango let's dangle
and let them sleep
let's get lost let's defrost
come play with me
