breathe in and breathe out
revenge?
fearsome plans
you stepped on my feelings now
the debts have been paid
war is out of date
you've stabbed my back
before my friend

WHAT MAKES YOU MESS UP MY LIFE?

what is bothering you?
am I a nail in your mind?
this time you've gone too far

DON'T TRUST YOU
GET OUT OF MY LIFE

love has been hateful to us
but why lie to me?
the war in you is bothering me
I've never been an enemy
breathe in and breathe out
love is eating us
like you are eating me

you can save
I can hold you
war is out of date
so why lie to me?

don't trust you
you are a fuckmonkey
