The dawn breaks
Light creates
New beauty
Gift to make
Memories
Strands of life
Intricate
Design

(x3)
From the depths of the earth
Completion conceived
Much worth,
All desires,
All dreams,
Inmost being

I love for you to be near me
But why am I growing more and more scared
Can I trust you
Can I trust how I feel

I have to survive
I must withdraw
Your love
Expression of affection
Twisted to benefit
Fearful Enemy

(x3)
From the depths of the earth
Completion conceived
Much worth,
All desires,
All dreams,
Inmost being

Helpless, Abandon, Despair, Nursed, Cuddled;
Instead all the wrong ways
