Abstinence works for me, not for them.
Intolerance, far worse things ?
This makes no sense.

Get high on me and mine
Take the poison.

Raise a voice ? The art of making noise
Attacking stance ?
Fist in face for personal choice

So whithers ? Self, self, self
Take the poison.

Two polluting lifestyle doctrines in defence
Re-access the threats to well bring
Re-direct
And clear your heads

Dialogue (is) a powerful drug ?
((not) a verbal poison.

Abstinence works for me, not for them.
Intolerance, far worse things ?

Take the poison.
