There's no tomorrow
Only yesterday
I may have drunk too much
Now I have to pay
So how far should I go?
Oh, that's hard to say
Wild is the sky that covers you
Long be the night that comforts you
Don't kiss a day confronting you
And pushing you
There's a face in the mirror
That I don't understand
See the one that I wear
Is not who I am
I've made up my mind
And I want to stay
Wild is the sky that covers you
Long be the night that comforts you
Don't kiss a day confronting you
And pushing you
You're such a bitterman
Doing all that you can
In the name of fun
Just a bitterman
Taking all that you can
Oh, for number one
There's no confusion, only black
Questions left to ask like am I coming back?
I've made up my mind and I want to stay
You're such a bitterman
Doing all that you can
In the name of fun
Just a bitterman
Taking all that you can
Oh, for number one
You're such a bitterman
Doing all that you can
In the name of fun
Just a bitterman
Taking all that you can
Oh, for number one
