[jD]

Arms of needle markings China white burning through
her veins
Metabolized to phoria' break barriers of blood and
brain
Capillaries dried up eyes rolled back
The scent of vinegar, Burns back to the past
See Alice never settled for the rock, She crushed it up
She cooked it down
She flicked the tip around found the spot and shot
The needle hit skin liquid slid through
Blood trickled to her lips the drug hit to
The cotton shooting' carpet rat cut needle up the nostril
Brother Harry Jones and Charlie sister Helen sweet but
hostile
She was only nineteen but fell in love with the brown
A sweet girl with big dreams, But take a look at her now
Soft Auburn hair smooth skin bright blue eyes
Intelligent and beautiful growing' up only high on life
Life was life
But Alice well Alice hit a wall
She dipped and dabbed and do'ed up cooked the
deuce up
Shot the blue crush
Until the pain would stall
An as the high settles in the needle gives wings
To illustrate the makings of a nightmare not a dream

[Chorus]

Mr. Lucifer
Ice Blow Flake Glass
Black tar Angel Dust Rope Grass
Snowbirds Freebase Skag Special K
Blue Mystic Lucky 7 Horse Powdered Crank
Mr. Lucifer
When I became a regret
My heart got thirsty
My veins opened wide
And I let the liquid kill my mind

[Esoterical]

Spark like a moonstone hit

As Opiates stretch days from minutes hit quick
From the pockets of passerby's to any family ties
She's lit, eyes always empty, spent in the fix
Lost in her angel of mercy
IV became the method just around the time
When nights on street corners became another state of mind
It was king and she did what she could to keep its place
A perfect angel with a junkie's face
Like god became a poison and her veins could only
keep the faith

She's nothing but a vagrant in a faded blue dress
She lost adolescents in hypodermic weapons, playing
the devil's game
Wait till it's late and you'll find her giving back alley
prayers on her
knees
She looks too broken for sympathy
Soliciting anything for 5 bucks
The first time she overdosed was in a bathtub
She woke up, and left behind the person that she once
was

[Chorus]

Mr. Lucifer
Ice Blow Flake Glass
Black tar Angel Dust Rope Grass
Snowbirds Freebase Skag Special K
Blue Mystic Lucky 7 Horse Powdered Crank
Mr. Lucifer
When I became a regret
My heart got thirsty
My veins opened wide
And I let the liquid kill my mind

[JD]

Alice,
Alice dearest my dearest I lust you
I cut myself, burn myself
Alice my dearest I trust you
Fuck you
Kiss me baby, strip for me, lick your lips for me
Shift your hips for me, baby
I want ya I need ya
Bring your ear a little closer and ill tell tales that tease
ya
I'm that poison baby and ill never leave ya
Remember high school scoring
We had to get our fix night school whorin
Remember when I had you flipping tricks bent for

college guys
Damn right they raped and beat your body while I
watched with open
eyes
IÂ'm proud of you baby now listen close, listen close
Ill show you the world little gauge and a dismal dose
A little whisper in your ear
My time, happy thoughts donÂ't belong here

[Chorus]
Mr. Lucifer
Ice Blow Flake Glass
Black tar Angel Dust Rope Grass
Snowbirds Freebase Skag Special K
Blue Mystic Lucky 7 Horse Powdered Crank
Mr. Lucifer
When I became a regret
My heart got thirsty
My veins opened wide
And I let the liquid kill my mind
