[jD][Verse1]

Force feed my fingertips
Till the red runs tide
IÂ'm tired of trying to hide
Tear my skin off IÂ'm trying to die
From long nights to day break
I believe in suicide
Maybe itÂ's my stupid side
I donÂ't know what to write
IÂ'm sorry
IÂ'm sorry
Believe what you want IÂ'm sorry
I tried but IÂ'm a squealer
Woke up
In my own throw up
Scribbled words in my vomit
Drew a sailboat through the current
Over peaks of stomach acid
Through the hydrochloric mist
I sailed there passed out on a sea vomit
And I loved it
Could hardly breathe
At peace
The taste
Well
I loved it

[jD][Chorus]

Shades of gray amber skies
Deep blue sea's static lines
Snow blankets the shores
Hide the drugs in the floor
Sleigh rides on the Atlantic
White men on the Pacific
LifeÂ's a wishing well wish it all away
I wish for a storm to end it all today

[jD][Verse2]

Spit and phlegm dripped
From my nose and mouth
Half shaven IÂ'm drunk on luck
My ship still floats

And the world still burns
My ship will sink
While the earth still turns
Get it
Scribbling away
Fingers covered in filth
Clouds start to form
The storm settles in
It begins to snow
Rapidly
The ocean is covered
Miles and miles of snow
Miles and miles and miles of snow
It's beautiful
My ship can't break it
I'm stuck
I jump overboard
Face first into the powder
I swallow a mouthful
And make angels
I lay there so long
So long the snow is so deep
I lay there so long
The sky I can't see
I'm suffocating and I know it
I know it
But I love it

[JD][Chorus]

Shades of gray amber skies
Deep blue sea's static lines
Snow blankets the shores
Hide the drugs in the floor
Sleigh rides on the Atlantic
White men on the Pacific
Life's a wishing well wish it all away
I wish for a storm to end it all today

[JD][Outro]

Shades of gray amber skies
Deep blue sea's static lines
Wish it all away
I wish for a storm to end it all today
