It's been days
Months and years since your tongue tied knots in my
throat
Got me high
Left me dry
I was cold
Driving tears over double yellow bloodlines
Well I tried and I lied

I'll be your accidental man
You be my circumstantial lover
I'm here to ruin all your plans
I'm here to steal you from your mother
I'll be your accidental man
You be my worst kept secret
I'll come and take you by the hand but you can take it
all and keep it

Go and say what you will
All these French words seem to fail you
Every time you get online
Kiss my cheek
Ring my ear
Merry hitlist
Happy new fear
You're so fine
You're not mine

I'll be your accidental man
You be my circumstantial lover
I'm here to ruin all your plans
I'm here to steal you from your mother
I'll be your accidental man
You be my worst kept secret
I'll come and take you by the hand but you can take it
all and keep it

I'll be your accidental man
You be my circumstantial lover
I'm here to ruin all your plans
I'm here to steal you from your mother

I'll be your accidental man
You be my worst kept secret
I'll come and take you by the hand but you can take it
all and keep it

I'll be your accidental man
You be my circumstantial lover
I'm here to ruin all your plans
I'm here to steal you from your mother
I'll be your accidental man
You be my worst kept secret
I'll come and take you by the hand but you can take it
all and keep it

I'll be your accidental man
I'll be your accidental man
