Hey little stick around girl
I want to know why
Why do you turn me outside
Can't you just turn around

The money is on the heartbreak
My hands are on the wheel
Hey little kiss a while girl
Didn't I see you cry
Mmm
Mmm
Mmm
Mmm

Hey
On your Saturday high even though it's Monday night
I see you running away girl
Running since you're 16

My eyes are on the last page
The money's come and gone
Hey honey what I want is whatever you're gonna give
Whatever you're gonna give to me

I don't wanna be a maybe
Baby let me drive you crazy
Wanna be your dandelion

Don't you go and leave me stranded
I'm empty
I'm not second handed
So if you give me a little time I want to be your
dandelion

Hey little lonely smile girl
I see it behind your eyes
Destination never known but I'm always there on time

Money is on the heartbreak
My hands are on the wheel
Well hey honey what I want is whatever you're gonna

give
Whatever you're gonna give to me

I don't wanna be a maybe
Baby let me drive you crazy
I wanna be your dandelion

Don't you go and leave me stranded
I'm empty
I'm not second handed
So if you give me a little time I want to be your
dandelion

I don't wanna be a maybe
Baby let me drive you crazy
I wanna be your dandelion

Don't you go and leave me stranded
I'm empty
I'm not second handed
If you give me a little time I want to be your dandelion
