Here's a little more time on a dark bitter down
Here's a pastime cheater who's just moving out
Here's a new direction we still haven't found
There's a great myth trading your faith for a paper crown

Down low
It won't show
What you lose
Ready to go

(Oh)
Somewhere between nothing and something is everything
Somewhere between darkness and wonder is every dream
(Oh)
Somewhere between breaking and broke there's a song to sing
Somewhere between nothing and something is everything

Here's a good advice that you preach without a sound
Here's a telephone call that was cheap and wore you down
Here's a losing streak and a fall to fill your doubt
It's the same direction but still running out

Down low
It won't show
Was what you lost
Ready to go

(Oh)
Somewhere between nothing and something is everything
Somewhere between darkness and wonder is every dream
(Oh)
Somewhere between breaking and broke there's a song to sing

Somewhere between nothing and something is
everything

(Oh)

Somewhere between nothing and something is
everything

(Oh)

Somewhere between nothing and something is
everything
