The sun is shining downtown
It always wants to cry out loud but I'm a little too late

Yeah
Yeah

The gun is testing your faith
It always wants to shoot you down when you've already
been saved

Don't you burn away
Don't you feel ashamed
Don't you take the blame

I give my heart and soul to the ageless
I give my blood and bone to the faceless
Burning bright and cold with a nameless night
I give my life and love to you
Graceless

Your wish is spinning 'round
It only wants to lie to you
It never wants to come true

This road that you found
It was buried alive in your dreams with all your second
hand blues

Do you need a place to stay
Do you see a face when you pray

Don't you leave a trace
Don't you sleep awake
Don't do it for my sake

I give my heart and soul to the ageless
I give my blood and bone to the faceless
Burning bright and cold with a nameless night
I give my life and love to you
Graceless
(To you)

(To you)
(To you)

There's no time for a destination
(To you)
(To you)
(To you)
We were killers before we were on the run
(To you)
(To you)
(To you)
I'm a wandering second hand son
(To you)
(To you)

I give my heart and soul to the ageless
I give my blood and bone to the faceless
Burning bright and cold with a nameless night
I give my life and love to you
Graceless

I give my heart and soul to the ageless
I give my blood and bone to the faceless
Burning bright and cold with a nameless night
I give my life and love to you
Graceless
