You go on leaving all of yourself
You go on keeping everything else
So come in dreaming
No one can tell 'cause you always wear it well

You go on ringing every bell
You know my demons are too bold for hell
I kept your letters for nobody else
I'm keeping you all to myself

So come on bleeding 'cause my line's completing
You ride in knocking the widower right to the ground
I'll be around
I'll be around
I'll be around
I'll be around

You come on burning me into yourself
You go on leaving your ghost on my shelf
The lights are dark at the Nile of your well
Come on lonely
Cast me a spell

You come on seething 'cause my lies we're cheating
You ride in
Knocked the widower right to the shelf
I'll be around
I'll be around
I'll be around
I'll be around
Yeah

I'll be around
Yeah

I'll be around
I'll be around
I'll be around
I'll be around
