Bestiality committed By their Mother  
Pillaged, Raped By their father  
Born and Raised for Sexuality  
Incest within - is Reality  
A Son Not Wanted to carry His Name  
Only Daughters - to impound His Shame  
Males were killed off at Birth  
Females used for what they're worth  
flesh Begins to Break  
A child I Sodomize And Rape  
My Pleasures I Hide  
from the world outside

Writhing in Pain Family of Sodom

fucking my Daughters is Really Nice  
I Don't even have to Pay A Price  
they're to young too: be pregnant this Month  
I love to Fuck their Premature cunts

Sickened and Derranged - Pray to Lunacy  
Desecrated Minds - Obliterated and Diseased  
My Knowledge is Strange  
My feelings I can not Supress  
the Solution is Death  
their bodies I Kill and ingest
