Victoria Dogan

I remember, the first time I saw you smile
And our first kiss felt like we could stop the time

Pre-hook

And we love (we love), and we never gave up
We never had enough, and when you look at me
My knees get weak, you had me all sprung out

Hook

And I wanna love you till the sun comes up
Cause when I'm with you babe I'm feeling love struck
Babe you're the air I breathe, the source of my energy
You're so true to me, God's gift to me.

Laurence

I remember oh, how we used to spend our nights
On the phone and oh, and we talked to morning light

Pre-hook

And we love (we love), and we never gave up
We never had enough, and when you look at me
My knees get weak, you had me all sprung out

Hook

And I wanna love you till the sun comes up
Cause when I'm with you babe I'm feeling love struck
Babe you're the air I breathe, the source of my energy
You're so true to me, God's gift to me.

Bridge

There are times we see the past
And we're feeling down
Baby it takes two to make it last
And we will, and we will, and we will yeah

Hook

And I wanna love you till the sun comes up
Cause when I'm with you babe I'm feeling love struck
Babe you're the air I breathe, the source of my energy
You're so true to me, God's gift to me.
