Dormi qui
non pensare,
bimbo mio,
oggi Ã notte intorno a noi
notte di guerra senza pietÃ .
Mani qui - (I don't know what it means...it makes no sense)
close to you
my baby
full of anger towards us,
my little one, don't look.
How I'd like to run away, taking you with me.
Giving you my life, yes, my life
a last hug
and a kiss from me
for you...
People here
near us,
my baby,
and a body on top of me
my little one, don't look.
How I'd like to run away, taking you with me.
Giving you my life, yes, my life
in this terrible night, for him, ...God...yes,
take me.
Give him peace and freedom
and all my life for him
give him light, this will be
a last hug
and a kiss from me.
