Connection

Lately, been standing in the freezing rain
Reading wanted adds hair hanging down again
Just walking softly feeling everyone's pain
Hey spare some secrets and some change

Got a connection right across town
The fields are hazy as I look around
From north to south I hitch a ride

Through the valleys and the fruit lots of the Devon
country side x2

Lately been standing in the freezing rain
Reading wanted adds hair hanging down again
Just walking softly feeling everyone's pain
Hey spare some secrets and some change

Got a connection right across town
The fields are hazy as I look around
From north to south I hitch a ride

Through the valleys and the fruit lots of the Devon
country side x 4

To meet my connection the timing is right
He gives me the goods I hand over the cash
I put the rest in my pocket towards my stash
Man I'm glad I picked up some nice hash

Lately been standing in the freezing rain....
