Where were you when I needed you so  
Where were you when the waves came crashing upon  
the shore  
Where were you when this kind of love I couldn't uphold  
Where were you when I couldn't take it anymore  
We shared a lifetime of love  
In those days see  
The fruits of love  
We're barely beginning  
Again and again  
I'd live as you had shown me to be  
Yet as fate changed you'd act  
As if you didn't know me  
I thought family was supposed to stay close throughout  
the end  
I wanted to be your loved one not only your counseling  
friend  
And although you seemed happy I simply could not  
understand  
Where were you when I needed you so  
Where were you when the waves came crashing upon  
the shore  
Where were you when this kind of love I couldn't uphold  
Where were you when I couldn't take it anymore  
All I did want  
Was for someone to hold me  
So close that I'd feel  
Oh some security  
To ease my intermost pleas  
Tenderness who held the key  
Time as it passes  
Proves only that I've grown free  
Of the fears that we both shared when I was a just a  
little girl  
I found out that tears she'd for pain are like rain it  
starts to fall  
Where the earth absorbs water that nourishes it's  
deepest core  
Expressed emotion helps me to grow  
But where were you when I needed you so  
Where were you when the waves came crashing upon  
the shore

Where were you when my heart lay bleeding on the  
floor  
Where were you  
Now old regret  
Has started to flee  
Anger and tears  
No longer afflict me, yeah  
True humility  
Can only let you be  
Time as it passes  
Proves only  
That we're growing free  
Now our lives take a new meaning since we're  
changing what has past
