I'm still here requesting your attention,
Please hear what I say, I never saw this coming.
Two strikes for the golden boy.

Tread the floods avoid this storm, and I'll need your
cover,
Tie me down,
Brace myself for rough waters.
For rough waters.

One, two, strikes for the golden boy,
One, two strikes for you and I.
Come on.

Tread the floods avoid this storm, and I'll need your
cover,
Tie me down,
Brace myself for rough waters.
For rough waters.

Please don't cry I never meant to hurt you,
Your tears are like ice and I hope you forgive me.
Two strikes for the golden boy.

Tread the floods avoid this storm, and I'll need your
cover,
Tie me down,
Brace myself for rough waters.
For rough waters.
