Try me, write it down
on whatever's left to stay
But it means nothin' to me
Try and put it down to
someone else's mistake
but it's over, it's over...

Get high - and higher
and if I get this lonely
I write it down to this moment

Last word for solitude
long time overdue
but it means nothin' to me
cause you sit back
while every surf
hits the rock
don't give it away
get high - any higher

and if I get this lonely
I write it down to this moment
cause : you want it you want it you got it you got it if you
taste it if you need it you waste it go chase it
