Between the lines I get it  
But really when you spoke to me last night  
Dont think I dont know what's going on here  
Be sure I didnt come to steal your life  
If you leave before midnight  
You standing in the bright lights  
Dont be afraid, dont be afraid to come back to me  
If you leave before midnight  
You standing in the back lights,  
Dont be afraid, yeah dont be afraid to come back to  
me, yeah  
In disguise, Ill come to you  
Darling tonight, you will walk outside your door  
Dont be surprised, if I told you  
I'm not as strong as you at all  
If you leave before midnight  
You standing in the bright lights  
Dont be afraid, dont be afraid to come back to me  
If you leave before midnight  
You standing in the bright lights  
Dont be afraid, yeah dont be afraid to come back to me  
Cause no ones gonna know,  
If you stay or if you go  
If you do or if you dont  
At least you wont be alone, you wont be alone  
No ones gonna go know  
If you stay or if you go  
If you do or if you dont  
At least you wont be alone, wont be alone  
If you leave before midnight  
You standing in the bright lights  
Dont be afraid, dont be afraid to come to back to me  
If you leave before midnight  
You standing in the bright lights  
Dont be afraid, hey... Dont be afraid to come back to  
me
