Left of center has never felt better
As far as I can forget
I would rather sit under the weather
Then on top, where I've never been

Let's take a moment to reflect
On those reflections we regret
You'll be surprised to find
No, we can't admit we've lost our minds

Picture perfect
Yeah, just what I needed
Me, I found my focus
You're still afraid to feel it

Picture perfect
Yeah, just what I needed
Me, I found my focus
You're still afraid to feel it

A contender, a classic pretender
I feel strangely content
To surrender what holds me together
Or at least I thought it did

Let's take a moment to forget
All limitations we accept
And those we can't deny
We're not all foolproof, no, not quite

Picture perfect
Yeah, just what I needed
Me, I found my focus
You're still afraid to feel it

Picture perfect
Yeah, just what I needed
Me, I found my focus
You're still afraid to feel it

Picture, picture

Worried, not at all
I feel a new rush of confidence
Write it on the wall
Know one and all will see the end of this

Picture perfect
Yeah, just what I needed
Me, I found my focus
You're still afraid to feel it

Picture perfect
Yeah, just what I needed
Me, I found my focus
You're still afraid to feel it

Picture
You're still afraid to feel it
Picture
You're still afraid to feel it
