"Diamond In The Rough"

People often look at me and wonder what you see.
They don't seem to understand what you see in
me.

Looking in the mirror, sometimes I wonder too.
Staring at myself, I haven't got a clue.

I ain't much to look at, workin' 9-5,
Barely make enough to keep us all alive.
Food on the table and a roof overhead,
All we really have is the lovin' in our bed.

I see the sparkle in your eyes when you look at me,
I know that you love me and I'll always be

Your diamond, your diamond it the rough,
When it comes to lovin' you I just can't get
enough.
Never will I understand what you see in me,
Your diamond in the rough is all you ever see.
I'm your diamond, your diamond in the rough.

People often look at me and wonder what you see.
They don't seem to understand what you see in
me.

I see the sparkle in your eyes when you look at me,
I know that you love me and I'll always be

Your diamond, your diamond it the rough,
When it comes to lovin' you I just can't get
enough.
Never will I understand what you see in me,
Your diamond in the rough is all you ever see.
I'm your diamond, your diamond in the rough.
