I saw you last night
My, my how indiscreet
Your self-destruction is so complete
And I know, yeah I know
That she's going down slow
It was this morning that you phoned
You sound strung out, babe, but so high toned
And I know, yeah I know
That she's going down slow
You're the article babe
The genuine thing
And when that guy comes by
With his diamond ring
It doesn't feel right
And you tell him so
So you buy your tickets home
And you're going down slow
Wait a minute
What's this?
We're loosing altitude Hand over fist
And she's going down fast
